Missile and Space Research Laboratories. FAC: 3121

CATCODE: 312472
OPR: AFRL
OCR: N/A

1.1. **Description.** Special purpose facility designed to perform spacecraft integration (component assemblies), verify assembly in space chamber representing space conditions, and collect data from orbiting space experiments in satellites. The facility is used in the development of space structures, antennas, & space craft appendages.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
