

Air Force Global Weather Center. FAC: 1444

CATCODE: 141649

OPR: AF/A3O-W

OCR: AFWA, AFNIC

1.1. **Description.** This facility is required to support activities used in processing worldwide conventional meteorological and weather satellite data. GWC collects worldwide aerospace environmental data relating to past, present and future states and disseminates the data to USAF, DoD and other agencies.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
