26 May 2006

MEMORANDUM FOR Chairman, Department of Defense Explosives Safety Board,
ATTN: DDESB-PD, 2461 Eisenhower Avenue, Alexandria, VA 22331-0600

SUBJECT: Request for Approval of Magazine Design Drawings from Republic of Korea Army
(ROKA)

1. Reference memorandum US Forces, Korea, FKJ4-AM-SS, 21 April 2006, SAB (enclosure).
2. We request your review and approval of the enclosed ROKA adaptations of US earthcovered magazine designs for magazine 33-15-74 and Navy Type C box-type magazine. The ROKA adaptation for the 33-15-74 design is limited to the addition of an air conditioning system to alleviate condensation problems and conversion of the drawings from English to metric measurement units. The ROKA adaptation of the Navy Type C box-type magazine design include reduction from 3 doors to 2, addition of air conditioning, and adoption of a Faraday shield for lightning protection, as well as conversion of the drawings from English to metric measurement units. A copy of the electronic files for the designs was provided under separate cover.
3. The proposed designs will be constructed in Korea for storage of US-titled ammunition under the SALS-K agreement.
4. The POC is Mr. Lyn Little, SJMAC-EST, DSN 956-8765, commercial (918)420-8765, facsimile DSN 956-8503, commercial (918)420-8503, or email lyn.little@us.army.mil.
