1.1. **Description.** A building that provides for the conduct of force projection experiments using simulations or prototypes with soldiers and actual units. The objective is to determine new technologies and requirements that focus on lethality, survivability, synchronization, and battle command requirements needed to meet global mission through the 21st century. Care must be taken not to confuse this facility with Automation-Aided Instructional Building, or Simulation Center.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
