1.1. **Description.** A range designed for training target engagement techniques with rifles. This range is used to train and familiarize soldiers on the skills necessary to identify, engage, and hit stationary infantry targets. All targets are fully automated, and the event-specific target scenario is computer driven and scored from the range operations center.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
