

Known Distance (KD) Range. FAC: 1755

CATCODE: 175521

OPR:

OCR:

1.1. **Description.** A range designed for training rifle marksmanship and target engagement techniques. This range is used to train soldiers on the skills necessary to identify, calculate distance, engage, and hit stationary targets in a static array. This range requires no automation.

1.1.1. Known Distance (KD) Range is a 60-point, firing range with stationary targets at 25 meters from the firing line. This range has a control tower, warm-up building, public address system, latrine, and target-storage shed. See the range SOP for special instructions.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
