

Sniper Field Fire Range. FAC: 1756

CATCODE: 175621

OPR:

OCR:

1.1. **Description.** A range designed to meet training and qualification requirements with the sniper rifle. This range is used to train and test soldiers on the skills necessary to detect, identify, engage, and hit stationary and moving infantry targets in a tactical array in accordance with applicable field manuals. Targets are not fully automated and/or the scenarios are not computer driven or scored.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
