

## **40MM Grenade Machine Gun Qualification Range. FAC: 1762**

CATCODE: 176221

OPR:

OCR:

1.1. **Description.** A range designed to conduct qualification firing with the grenade machine gun (for example, MK-19). This range is used to train soldiers with the weapon either ground or vehicle mounted. All targets are fully automated and the event specific target scenario is computer driven and scored from the range operations center.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
