1.1. **Description.** A range designed for training individuals and squads on defensive engagement techniques and mutually supporting fires. This range is used to train soldiers on the skills necessary to designate sectors of fire and to identify and provide suppressive fire on stationary infantry targets. All targets are fully automated, and the event-specific target scenario is computer driven and scored from the range operations center.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
