

Controlled Humidity Warehouse. FAC: 4424

CATCODE: 442421

OPR: AFCEC/COS

OCR: AF/A4LE

1.1. **Description.** A building that provides enclosed storage space specially prepared and equipped for the control of humidity. This building may also be used for the storage of medical supplies not associated with hospitals. Almost any type of warehouse may be operated under controlled humidity conditions, if properly sealed and equipped. General purpose warehouse is the type most frequently built for, or converted to, a controlled humidity environment.

1.2. A defined facility standard is not currently available for this CATCODE. By default, all requirements are user justified until a standard is established or adopted.
