# ENGINEERING AND CONSTRUCTION BULLETIN

No. 2004-1 Issuing Office: CECW-EIV Issued: 10 Feb 2004

**Subject:** Army Installation Design Standard (IDS) Policy Newsletter

**Applicability:** Information

1. The Assistant Chief of Staff for Installation Management and Director, Installation Management Agency announce the launching of the *Army Installation Design Standard (IDS) Electronic Newsletter (IDS E-News)*. This is an online document containing the most current changes and guidance pertaining to IDS and the Installation Design Guide (IDG) Programs. The inaugural issue was published on 8 December 2003. ACSIM and IMA invite all of those involved with Army Installation communities to subscribe as members to this publication at: <http://www.hqda.army.mil/acsimweb/homepage.shtml>, or directly at: <https://secureapp2.hqda.pentagon.mil/acsimnews/>.

2. The purpose of the newsletter is to:

- Present current command direction and implementation strategy from the Army's top leadership.
- Provide the updated standards for use by Army installation managers.
- Provide current guidance and direction in the development of Installation Design Guides.
- Present information and items of current interest.

3. Please share the IDS E-newsletter and register those you think may be interested in receiving information on IDS and IDG Programs. The point of contact for this bulletin is Jesse Kidd, CECW-EIV, 202-761-4667.

A handwritten signature in black ink, appearing to read "D. Basham".

DONALD L. BASHAM, P.E.  
Chief, Engineering and Construction Division  
Directorate of Civil Works
