# ENGINEERING AND CONSTRUCTION BULLETIN

---

No. 2008-24

Issuing Office: CECW-CE

Issued: 17 July 2008

---

**Subject:** To announce intentions to solicit information and feedback on the FY-08 execution of projects and task orders assigned to the Centers of Standardization

**Applicability:** All MSC's, Centers, District and Subordinate offices working Military Construction Programs

1. Concurrent with the annual after action review performed by Military Programs at the conclusion of the fiscal year, I wish to report the status of execution of contracts and task orders that were assigned execution throughout our eight (8) Centers of Standardization. Shortly, you will receive a request for information from our COS Program Manager, Mr. David Marquardt, that will capture data that may help us evaluate our business process to make appropriate adjustments in COS management of our FY-09 program. Data to be collected will include number of awards, by whom, type of contract, number of proposals received, number of price offers received, type of construction, new construction techniques, percentage of scope contracted and any comments or suggestions you may have.
2. Please begin now to think about any suggestions and improvements you may offer. I look forward to hearing from you. Thank you for your support.
3. HQACE point of contact for this ECB is Mr. David Marquardt, CECW-CE, 202-761-7419.
