ENGINEERING AND CONSTRUCTION BULLETIN

No. 2010-8

Issuing Office: CECW-CE

Issued: 9 Apr 2010

**Subject: Center of Standardization (COS) Standard Operating Procedure (SOP) 11:
Construction Contract Changes Related to Projects Executed With Centers of
Standardization**

Applicability: Directive

1. The purpose of this ECB is to direct compliance with USACE COS SOP 11, Construction Contract Changes Related to Projects Executed with Centers of Standardization, dated August 2009. SOP 11 requires that all design-related changes after construction award not be finalized without verification from the COS Facility Technical Point of Contact (POC) that the change conforms to the appropriate Army Standard and Army Standard Design. SOP 11 and all other pertinent policy documents regarding MILCON Business Process (formerly MICON Transformation) can be found at the USACE COS website on the right column of the homepage, at the bottom of the page, under “COS Process Documents” and “SOPs”:
