# ENGINEERING AND CONSTRUCTION BULLETIN

**No. 2011-11**

**Issuing Office: CECW-CE**

**Issued: 28 Jul 2011**

**Expires: 31 Jan 2012**

**Subject:** Chief of Engineers Design and Environmental Awards Program 2012

**Applicability:** Information

1. Submissions for the 2012 Chief of Engineers Design and Environmental Awards Program are due by 29 January 2012. The instructions establish objectives, categories of competition, eligibility requirements, deadlines, submission requirements, jury composition, criteria for judging, and the types of awards in the program. These instructions are available on USACE web site at: <https://ceawards.wes.army.mil/default.aspx>
2. The submission, judging, and announcement of awards are web enabled. The above web site is open to accept submissions. Categories of competition are Design/Military and Environmental/Civil. The program utilizes two interdisciplinary juries of design professionals to judge the submittals. Awards address both constructed projects and professional design works such as studies, concept designs, and works of criteria that demonstrate or stimulate design excellence.
3. Please note that submissions in this program are also used to select the winner or winners of the Design Team of the Year Award. This award is given to the design team of the in-house designed project that achieves the highest-level award in each of the two categories of the Chief of Engineers Design and Environmental Awards Program.
4. USACE Major Subordinate Commands (MSC), district commands and centers, laboratories, and Field Operating Activities (FOA) are encouraged to participate. A single point of contact is requested for each USACE MSC, district, or FOA entering projects.
5. Point of Contact for this action is Mr. Scott C. Wick, HQUSACE (CECW-CE-D), 202-761-7419, [Scott.C.Wick@usace.army.mil](mailto:Scott.C.Wick@usace.army.mil)

A handwritten signature in black ink, appearing to read 'J Dalton'.
