RUBBER COVE BASE

PRODUCT DESCRIPTION:

Roppe Rubber Cove Base is designed for use in commercial and residential wall base applications.

COMPOSITION AND MATERIALS:

Roppe Rubber Cove Base is a vulcanized extruded product, manufactured from a synthetic rubber compound specifically formulated for durability, flexibility and stability. Base features a ribbed back and exclusive top-lip design for tight fit. Low-gloss, satin (matte) finish resists scuffing, gouging and most chemicals.

GAUGE: .125" (1/8")

SIZES: Available in 48" lengths and 120' continuous rolls: 2-1/2", 4" & 6" heights.

STYLES: Available in coved and straight styles in 2-1/2", 4" & 6" heights.

AVAILABLE COLORS: Available in 39 colors. Twenty-eight of these are part of the Roppe Matchmates Color System.

CORNERS: Molded outside rubber cove base corners are available in the same colors as Roppe Rubber Cove Base.

LIMITATIONS: Only Roppe #205 Cove Base Adhesive should be used to apply Roppe Rubber Cove Base. Do not apply over vinyl wall covering or epoxy paint. Heavy sunlight penetration from direct or glass-filtered sources may cause fading. All purpose cleaners/disinfectants allowed to dry on the base may cause staining. During routine floor maintenance, cleansers with acids may stain base. Base should be wiped off with a soft cloth or sponge moistened with clean water.

MAINTENANCE: Roppe Rubber Cove Base can be routinely cleaned by wiping with a soft cloth dampened with warm water. If desired, a paste wax can be applied. **CAUTION:** Coarse cleaning materials and/or harsh cleaning agents may damage the surface of the base.

TECHNICAL DATA:

Roppe Rubber Cove Base meets Federal Specification SS-W-40A Type 1, including:

<http://sweets.construction.com/mfg/1658/P12299.htm?site=undefined>

05/14/2002

Hardness: 85 +/- 5
Thickness: .125" + .015"
Flexibility: No cracks, breaks or other weaknesses
Resistance to heat aging: No staining
Resistance to detergents: No fading or softening
Resistance to alkalis: No fading or softening
Dimensional stability: +/- .25% x length
Squareness: 90 degrees +/- .5 degrees

ARCHITECTS' MATERIAL SPECIFICATIONS

Flooring accessories shown in the finish schedule or listed herein as Cove Base or Wall Base shall be 1/8" (3.175mm) thick EXTRUDED STYRENE-BUTADIENE RUBBER COVE BASE as manufactured by Roppe Corporation. It shall be constructed of first-quality materials, properly VULCANIZED, and shall be smooth and free from imperfections which detract from its appearance. The base shall conform fully to all the requirements of U.S. Federal Specification No. SS-W-40a, Type 1 Rubber.

All Cove Base shall be of the _____ type (Straight, Style A, or Cove, Style B), with a height of _____ (2-1/2" (63.5mm), 4" (101.6mm), 6" (152.4mm)), in lengths of _____ (48" (1.22m), or 120' (36.576m)), and in the color stated, and of 1/8" (3.175mm) thickness. Sanitary Cove Base shall be 4" (101.6 mm) high with a 2" (50.8 mm) Sanitary Toe. The toe shall be .125" (3.175mm) thick. The lengths shall be 48" (1.22m) long and in the color selected.

TEST RESULTS

- ASTM E-84-81A test: Surface Burning Characteristics of Building Materials.
- Our standard materials, when tested in accordance with ASTM E648, are rated as Class I products.
- ASTM E84-91a test: Standard Method of Test for Surface Burning Characteristics of Building Materials. The test results cover three parameters: flame spread classification, fuel contribution, and smoke density. The test results, calculated in accordance with the prescribed methods of flame spread index and smoke density are as follows: Flame Spread Index 150 and Smoke Density 390.
- Roppe does not use any form of lead or formaldehyde in its products.

LIMITED WARRANTIES

For a period of one (1) year from date of shipment, Roppe Corporation makes the following warranty on all first quality products:

The merchandise will conform to the contract description; It will be of fair and average quality within the description; It will conform to a sale by sample with only such reasonable variation as is acceptable in the trade; It is fit for the ordinary purposes for which the product is used; and It will be adequately packaged to conform to the label.

Any defective material will be replaced at no charge if the defect is found prior to installation. If a defect is found after installation, all of the above warranties shall be void unless the proper

Roppe brand of adhesive has been used on the installation, and the material has been installed and maintained in accordance with Roppe's instructions.

ROPPE DOES NOT WARRANT: The exact matching of shade, color or mottling; or any expressed or implied promise made by any salesman or representative.

Purchaser must inform Roppe Corporation, P.O. Box 1158, 1602 N. Union Street, Fostoria, Ohio 44830, USA; phone number 419-435-8546 of any claimed defect. Any defective material that has been installed using the proper Roppe brand of adhesive will be replaced free of charge, subject to the following conditions: Roppe reserves the right to inspect the manner and quality of installation of its product claimed defective. Roppe assumes no liability for labor costs in the installation of its products claimed defective. The purchaser must notify Roppe Corporation at its corporate address listed below immediately upon learning of the defect, subject to the following notification procedure:

The consumer must notify Roppe Corporation, P.O. Box 1158, 1602 N. Union Street, Fostoria, Ohio 44830, USA; phone number 419-435-8546, within ninety (90) days after claimed defect is discovered. Notification of Roppe Corporation shall be by ordinary U.S. mail, telephone, or any other reasonable means of communication.

EXCLUDED FROM WARRANTY

1. Sales of "Seconds," "Off Goods" or other irregular (non-first-quality) flooring material. With respect to "Seconds" or "Off Goods," such are sold "as is," and seller makes no warranties whatsoever, expressed or implied, with respect thereto, including warranties of merchantability or fitness for a particular purpose.
2. Problems caused by moisture, hydrostatic pressure, or alkali in the sub-floor.
3. Problems caused by uses and installation contrary to Roppe recommendations.
4. Labor on material installed with obvious defects.
5. Damage to flooring products from high heels, shoe spikes, or spiked heels.

MATERIAL SAFETY DATA SHEET

ABBREVIATIONS:

NA = Not Applicable

ND = Not Determined

NE = Not Established

Flammability = 0

Health = 0

(0 = minimal, 4 = extreme)

SECTION I: MATERIAL IDENTIFICATION AND USE

Material Name/Identifier: Roppe Rubber Cove Base, Corners & Accessories

Manufacturer's Name & Address:

Roppe Corporation

1602 N. Union Street

Fostoria, Ohio 44830-1158

Emergency Telephone No: 419-435-8546 (Day or Evening)

Date Prepared: 12/21/95

Chemical Family: Vulcanized compound of synthetic rubber (Styrene-Butadiene rubber or SBR) with additives.

Chemical Formula/Molecular Wt: NA

Trade Name & Synonyms: NA

Material Use: Decorative trim and edging on the floor

SECTION II: HAZARDOUS INGREDIENTS

ND = Not Determined

SECTION III: PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Point NA

Vapor Pressure (MM) NA

Vapor Density (Air = 1) NA

Specific Gravity/Density

(G/ML) 1.60

Evaporation Rate (BUAC = 1) NA

% Volatile by Volume NA

Solubility in Water: Insoluble

pH NA

Odor Threshold (PPM) ND

Melting/Freezing Point NA

Coefficient of Water/Oil

Distribution NA

Appearance, Physical State and Odor: Rubbery solid with no detectable odor

SECTION IV: FIRE AND EXPLOSION DATA

Flash Point NA

Auto Ignition Temperature ND

Sensitivity to Chemical Impact ND

Explosive Power ND

Upper Explosion Limit NA

Lower Explosion Limit NA

Rate of Burning ND

Sensitivity to Static Discharge ND

Extinguishing Media: Water, ABC dry powder. Rubber would be considered "ordinary combustibles" (NFPA Class A). Carbon dioxide is not generally recommended for use on Class A fires as a lack of cooling capacity may result in re-igniting.

Unusual Fire and Explosion Hazards: Emits acrid fumes when exposed to flame. No explosive hazards expected.

Special Fire Fighting Procedures: Positive pressure self-contained breathing apparatus should

be used. Excessive exposure to toxic combustion products may be a health hazard.

Flammability: Will Burn

Under What Conditions: Temperatures > 600°F, open flame

SECTION V: REACTIVITY DATA

Stability: Material is stable at ambient temperature.

Conditions to avoid: NA

Incompatibility (Materials to avoid): None Known

Hazardous Decomposition/Combustion Products: Combustion products will be carbon monoxide, carbon dioxide and smaller amounts of oxides of nitrogen and sulfur.

Hazardous Polymerization: Will not occur

SECTION VI: HEALTH HAZARD DATA

Primary Routes of Entry: NA

Effects of Overexposure, Chronic: ND

Effects of Overexposure, Acute: ND

Skin: ND

Emergency and First Aid Procedures:

Skin Contact: NA

Inhalation: NA

Medical Conditions Generally Aggravated by Exposure: None known

Carcinogenicity: ND

LD50 of Product: ND

Teratogenic: ND

Irritant: ND

Synergistic Materials: ND

Mutagenic: ND

Sensitizer: ND

Reproductive Effects: ND

SECTION VII: PREVENTIVE MEASURES, SAFE HANDLING, AND USE

Leak and Spill Procedures:

Waste Disposal Methods: In accordance with federal, state and local regulations.

Precautions to be taken in handling and storage: Store away from heat and direct sunlight.

Other:

SECTION VIII: CONTROL MEASURES/PROTECTION INFORMATION

Ventilation: NA

Respiratory Protection: NA

Protective Gloves: NA

Eye Protection: NA

Other Protective Equipment: NA

Work/Hygienic Practices: Normal hygienic practices

SECTION IX: REGULATORY INFORMATION

Components listed in U.S. EPA Toxic Substances Control Act "Chemical Substance Inventory": ND

RCRA Hazardous Waste No.: ND

Proper Shipping Name: ND

DOT Hazard Class: ND

Identification: ND

Volatile Organic Compounds (VOC): NA

Export Classification: ND

NA = Not Applicable

ND = Not Determined

Roppe Corporation makes no representation or warranty with respect to the information in the Material Safety Data Sheet. The information is, however, as of this date provided, true and accurate to the best of Roppe Corporation's knowledge. This list of information is not intended to be all inclusive. Actual conditions of use and handling may require considerations of information other than, or in addition to, that which is provided herein.

TECHNICAL SERVICES AND ASSISTANCE:

Local Roppe distributors can address most specification, installation, and application questions concerning Roppe Rubber Cove Base. Call for a free disk with all product specs and information at 419-435-8546. In addition, Roppe Regional Sales Representatives are available for phone or on-site consultation as necessary. For further information, contact Customer Service at 419-435-8546 or 1-800-537-9527. Internet: www.roppe.com or E-mail: sales@roppe.com BBS: 419-435-3119.
