Include and edit the first bracketed items for projects with sub-CLINs for multiple facilities. Edit extensions for any unit-priced line items.

- a. Award will be made on the total sum of Contract Line Item[s] 0001AA[, 0001AB,][and] [0001AC,] [and] [0001AD,] and the sum of the extensions under Contract Line Item[s] 0001[AE], [and] 0001[AF]. For CLIN[s] 0001AE, [and] [0001AF] enter unit prices and extended totals in spaces provided. If there is a difference between a unit price and the extended total, the unit price will be held to be the intended bid and the total recomputed accordingly. If an Offeror provides a total but fails to enter a unit price, the total divided by the specified quantity will be held to be the intended unit price.

NOTE: Use the following notes if option items are used. Edit CLINs for the project.

If the number of calendar days is different for hold price of each bid item, edit to indicate so. Choose and edit appropriate sentence for contract completion times if options are awarded.

- [b. The Government reserves the unilateral right to award CLIN 0002 [and CLIN [0003] [_____]] to the Contractor at the proposed price within [_____] calendar days after the contract award. A firm fixed proposed price is required for CLIN 0001[, CLIN 0002][and CLIN 0003]. No provision is made for economic price adjustment. [If Options are exercised, the contract completion date remains [_____] after award of the contract.] [Award of CLIN [_____] extends the contract completion date by [_____] calendar days upon award of the CLIN.]

-] c. Evaluation of Options (JUL 1990). In accordance with FAR 52.217-5, evaluation of options will not obligate the Government to exercise the Option(s).
- d. The Government may reject an offer as nonresponsive if it is materially unbalanced as to prices for the basic requirement and the [option] [additive] quantities. An offer is unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated for other work.

- i. The Contractor must include all costs for shipping and packaging in the base bid amount with the exclusion of any shipping and packaging done by the Government.
- j. If the Contractor chooses to utilize Government furnished shipping or packaging, the Contractor must enter the information required in the above line items. Theseline item prices will be paid for by the Government and will be utilized in the evaluation of the low Offeror. If the Contractor's actual quantities for Government furnished shipping or packaging exceed the above line items, such excess cost will be deducted from the contract award amount as specified in Section 00 73 03 SUPPLEMENTARY CONDITIONS FOR AZORES PROJECTS. If the Contractor chooses not to utilize Government furnished shipping and/or packaging, the Contractor must enter "Not Applicable" in the above applicable bid line items.
