## UNIFIED FACILITIES GUIDE SPECIFICATIONS

References are in agreement with UMRL dated July 2011

\*\*\*\*\*

### SECTION 00 73 04

#### SUPPLEMENTARY CONDITIONS FOR PROJECTS IN MEDITERRANEAN AREA 08/08

\*\*\*\*\*

NOTE: This guide specification covers the requirements for special requirements for projects located in the area of responsibility of Naval Engineering Field Activity Mediterranean.

Adhere to UFC 1-300-02 Unified Facilities Guide Specifications (UFGS) Format Standard when editing this guide specification or preparing new project specification sections. Edit this guide specification for project specific requirements by adding, deleting, or revising text. For bracketed items, choose applicable items(s) or insert appropriate information.

Remove information and requirements not required in respective project, whether or not brackets are present.

Comments, suggestions and recommended changes for this guide specification are welcome and should be submitted as a Criteria Change Request (CCR)..

\*\*\*\*\*

## PART 1 GENERAL

### 1.1 REFERENCES

\*\*\*\*\*

NOTE: This paragraph is used to list the publications cited in the text of the guide specification. The publications are referred to in the text by basic designation only and listed in this paragraph by organization, designation, date, and title.

Use the Reference Wizard's Check Reference feature when you add a RID outside of the Section's Reference Article to automatically place the reference in the Reference Article. Also use the Reference Wizard's Check Reference feature to update the issue dates.

References not used in the text will automatically be deleted from this section of the project specification when you choose to reconcile references in the publish print process.

\*\*\*\*\*

The publications listed below form a part of this specification to the extent referenced. The publications are referred to within the text by the basic designation only.

#### ITALIAN LAWS AND DECREES (D.M.)

LAW No. 1086	(May 11, 1971) Norms for Works in Reinforced Concrete and Steel and Application Instructions
Law No. 373	(April 30, 1976) Norms for the containment of energy consumption for thermal uses in buildings.
Law No. 46	(March 5, 1990) Safety Norms for Technological Systems

#### 1.2 SUBMITTALS

\*\*\*\*\*

NOTE: Review submittal description (SD) definitions in Section 01 33 00 SUBMITTAL PROCEDURES and edit the following list to reflect only the submittals required for the project. Submittals should be kept to the minimum required for adequate quality control.

A "G" following a submittal item indicates that the submittal requires Government approval. Some submittals are already marked with a "G". Only delete an existing "G" if the submittal item is not complex and can be reviewed through the Contractor's Quality Control system. Only add a "G" if the submittal is sufficiently important or complex in context of the project.

For submittals requiring Government approval on Army projects, a code of up to three characters within the submittal tags may be used following the "G" designation to indicate the approving authority. Codes for Army projects using the Resident Management System (RMS) are: "AE" for Architect-Engineer; "DO" for District Office (Engineering Division or other organization in the District Office); "AO" for Area Office; "RO" for Resident Office; and "PO" for Project Office. Codes following the "G" typically are not used for Navy, Air Force, and NASA projects.

Choose the first bracketed item for Navy, Air Force and NASA projects, or choose the second bracketed item for Army projects.

\*\*\*\*\*

Government approval is required for submittals with a "G" designation; submittals not having a "G" designation are [for Contractor Quality Control approval.][for information only. When used, a designation following the "G" designation identifies the office that will review the submittal for the Government.] The following shall be submitted in accordance with Section 01 33 00 SUBMITTAL PROCEDURES:

#### SD-01 Preconstruction Submittals

\*\*\*\*\*

NOTE: The following SD-01 submittals except the last apply to projects located only in Italy. The last SD-01 submittal applies to projects located in Spain.

\*\*\*\*\*

Gate Entry Pass, Vehicle Pass; Application For[; G][; G, [\_\_\_\_]]

Contractor Employee Base Access Pass[; G][; G, [\_\_\_\_]]

Chamber of Commerce Certificate of Membership[; G][; G, [\_\_\_\_]]

Family Status and Residency Certificate[; G][; G, [\_\_\_\_]]

[ Contractor personnel identification[; G][; G, [\_\_\_\_]]]

#### SD-11 Closeout Submittals

\*\*\*\*\*

NOTE: The following submittals apply only to projects in Italy.

\*\*\*\*\*

Certificate of compliance for all contract work[; G][; G, [\_\_\_\_]]

Certified credentials of proposed testing personnel[; G][; G, [\_\_\_\_]]

Certification of the static load tests results[; G][; G, [\_\_\_\_]]

Certification of actual testing personnel[; G][; G, [\_\_\_\_]]

Certificate of conformity for electrical system[; G][; G, [\_\_\_\_]]

Certificate of compliance for heating system[; G][; G, [\_\_\_\_]]

Certificate of compliance for fire prevention system[; G][; G, [\_\_\_\_]]

Certificate for elevator system test(s)[; G][; G, [\_\_\_\_]]

\*\*\*\*\*

NOTE: The following paragraph submittal applies only to projects located only in Aviano, Italy (NAVFAC EURAFSWA).

\*\*\*\*\*

[Proof of IMD ordnance work authorization[; G][; G, [\_\_\_\_]]]

### 1.3 PUBLIC RELEASE OF INFORMATION

#### 1.3.1 Prohibition

There shall be no public release of information or photographs concerning any aspect of the materials or services relating to this bid, contract, or purchase order or other documents resulting therefrom without the prior written approval of the Contracting Officer.

#### 1.3.2 Subcontracts and Purchase Orders

The Contractor agrees to insert the substance of above paragraph "Prohibition" in each subcontract and purchase order generated for this contract.

### 1.4 ENGLISH SPEAKING REPRESENTATIVE

At all times when any performance of the work at the site is being conducted by any employee of the Contractor or his subcontractors, the Contractor shall have a representative present on the site who is capable of explaining the work operations and receiving instructions in the English language. The Contracting Officer shall have the right to determine without appeal of such decision, whether the proposed representative has sufficient technical and lingual capabilities and the Contractor shall immediately replace any individual not acceptable to the Contracting Officer. The Construction Contractor's qualified Project Manager, on-site Superintendent, Quality Control Manager, and Quality Control Specialist shall be fluent (can read, speak, and write) in both English and [Italian] [Spanish] [Greek] [\_\_\_\_\_] languages.

### 1.5 NORMS AND LAWS

In case of differences between project specifications or the accompanying drawings and referenced norms and laws, norms and laws shall govern. In case of differences between project specifications and the accompanying drawings, the specifications shall govern.

### 1.6 INDUSTRY STANDARDS

When both U.S. and European, or [Italian] [Spanish] [Greek] [\_\_\_\_\_] , Industry Standards are applicable to this project and the standards are in conflict with each other, the most stringent of the industry shall govern.

### 1.7 PROHIBITED ITEMS

Use of the following items in this construction project is prohibited:

- a. Use of aluminum for electrical conductors.
- b. Embedding aluminum conduit in concrete.
- c. Use of fluorescent light ballasts and other products containing PCB's.
- d. Use of urea-formaldehyde foam insulation products.
- e. Use of any paint/coatings having a lead content of over 0.06 percent by weight of non-volatile content. The use of ozone depleting chemicals is prohibited. The use of zinc-chromate is prohibited.

f. The use of materials containing asbestos is prohibited.

#### 1.8 PROPRIETARY NAMES

Manufacturer's proprietary names indicated for colors, textures and patterns of materials are for the purpose of color, texture and pattern selection only. Other manufacturers materials are acceptable and provided they closely approximate colors, textures and patterns indicated and provided they conform to all other requirements subject to Contracting Officer's approval.

#### 1.9 SUBMITTAL OF PROOF OF QUALIFICATIONS AND EXPERIENCE

Where qualifications or experience requirements are set forth in the specifications with respect to equipment and equipment installers, written proof of such qualifications or experience must be provided within thirty (30) calendar days after Contract award, and before placing any order for such equipment or before dispatching equipment installers to the project site.

#### 1.10 ORAL MODIFICATION

No oral statement of any person other than the Contracting Officer as provided in the clause in this Contract entitled FAR 52.243-4 "Changes" (AUG 1987), shall in any manner or degree modify or otherwise affect the terms of this Contract.

#### 1.11 NO WAIVER BY GOVERNMENT

The failure of the Government, in any one or more instances, to insist upon the strict performance of any of the terms of this Contract or to exercise any option herein conferred shall not be construed as a waiver or relinquishment to any extent of the right to assert or rely upon such terms or option on any future occasion.

#### [1.12 PRODUCTS SPECIFIED USING USA STANDARDS

\*\*\*\*\*  
NOTE: Delete this paragraph and its subparagraphs  
if no USA standards are specified in the project  
technical specifications.  
\*\*\*\*\*

##### [1.12.1 Local Products Specified Using United States of America (USA) Standards

\*\*\*\*\*  
NOTE: Delete this subparagraph when no local  
products are specified to meet USA standards.

This group of products is covered by NAVFAC LANT's  
Product Specification Category II (PSC II). PSC II  
covers the category of locally available products  
that meet USA standards. The specification paragraph  
below defines "locally available products that meet  
USA standards"

The required actions specified below are intended to

be the exception, not the rule, since products in  
PSC I shall be specified to the maximum extent  
possible.

PSC I covers the category of acceptable products  
that are locally available and manufactured to local  
standards. Using products in PSC I allows the  
Contractor to provide products that are recognized  
by or in common use by the local construction  
industry. Please note that PSC I specifications  
shall contain the generic technical requirements,  
but do not require a list of brand names as required  
below for PSC III and PSC II.

Actions Required of Designers/Specifiers For Each  
Affected Specification Paragraph For PSC II:

1. All product specifications shall contain the  
generic technical requirements. The generic  
specifications in PART 2 of each section shall be  
followed by a minimum of two product brand names,  
with manufacturer's address, phone number and  
product model or identification (ID) number.

The PSC II products list may include any combination  
of a locally available in-country qualified product,  
a European Union (EU) qualified product, or a USA  
manufactured qualified product readily available  
locally from in-country or in EU sources. Review  
the definition of "locally available products that  
meet USA standards".

2. In the spec section covering the product, use  
the following format to specify the brand name data;  
specify the data in a separate but unnumbered  
subparagraph:

"The following manufacturers generally meet this  
specification:

Manufacturer's Name, Address and Phone Number	Manufacturer's Model No., Series No. or ID Number
_____	_____
_____	_____

"

3. If a PSC II product is specified in a  
specification section, that section number and title  
shall be listed in the paragraph below.

\*\*\*\*\*  
There are locally available products specified in this contract that meet  
USA standards. "Locally available products that meet USA standards" are  
defined as:

- a. "Products that meet the referenced USA standards, and are manufactured  
and distributed in-country, or manufactured and distributed in the  
European Union, and are readily available locally from in-country
