

CHAPTER 234: FISCAL SERVICE

1	PURPOSE AND SCOPE.....	234-2
2	DEFINITIONS.....	234-2
3	OPERATING RATIONALE AND BASIS OF CRITERIA.....	234-3
4	INPUT DATA STATEMENTS.....	234-3
5	SPACE CRITERIA	234-3
6	PLANNING AND DESIGN CONSIDERATIONS	234-5
7	FUNCTIONAL RELATIONSHIPS.....	234-5
8	FUNCTIONAL DIAGRAM.....	234-6

1 PURPOSE AND SCOPE

This document outlines Space Planning Criteria for Chapter 234: Fiscal Service. It applies to all medical facilities at the Department of Veterans Affairs (VA).

Fiscal Service is responsible for the hospital's financial activities including development of departmental budgets, maintenance of cost control systems, preparation of statistical reports, and managing disbursements and receipts Office.

2 DEFINITIONS

Accessible: A site, building, facility, or portion thereof that complies with provisions outlined in the Architectural Barriers Act of 1968 (ABA).

Architectural Barriers Act (ABA): A set of standards developed to insure that all buildings financed with federal funds are designed and constructed to be fully accessible to everyone. This law requires all construction, renovation, or leasing of sites, facilities, buildings, and other elements, financed with federal funds, to comply with the Architectural Barriers Act Accessibility Standards (ABAAS). The ABAAS replaces the Uniform Federal Accessibility Standards (UFAS).

Full-Time Equivalent (FTE): A staffing parameter equal to the amount of time assigned to one full time employee. It may be composed of several part-time employees whose total time commitment equals that of a full-time employee. One FTE equals a 40 hours per week.

Functional Area: The grouping of rooms and spaces based on their function within a clinical service. Typical Functional Areas are Reception Areas, Patient Areas, Support Areas, Staff and Administrative Areas, Residency and / or Externship Program Areas.

Input Data Statement: A set of questions designed to elicit information about the healthcare project in order to create a Program for Design (PFD) based on the criteria parameters set forth in this document. Input Data Statements could be Mission related, based in the project's Concept of Operations; and Workload or Staffing related, based on projections and data provided by the VHA or the VISN about the estimated model of operation. This information is processed through mathematical and logical operations in SEPS.

Program for Design (PFD): A space program based on criteria set forth in this document and specific information about Concept of Operations, workload projections and staffing levels authorized.

SEPS (VA-SEPS): Acronym for Space and Equipment Planning System, a digital tool developed by the Department of Defense (DoD) and the Department of Veterans Affairs to generate a Program for Design (PFD) and an Equipment List for a VA healthcare project based on specific information entered in response to Input Data Questions. VA-SEPS incorporates the propositions set forth in all VA space planning criteria chapters. VA-SEPS has been designed to aid healthcare planners in creating a space plan based on a standardized set of criteria parameters.

Workload: Workload is the anticipated number of procedures or suite stops that is processed through a department/service area. The total workload applied to departmental operational assumptions will determine overall room requirements by modality.

3 OPERATING RATIONALE AND BASIS OF CRITERIA

- A. Workload Projections or planned services / modalities for a specific VA medical center, hospital or satellite outpatient clinic project are provided by the VA Central Office (VACO) / VISN CARES Capacity Projection Model. The workload projections are generated by methodology based upon the expected veteran population in the respective market / service area. Healthcare planners working on VA medical center, hospital or satellite outpatient clinic projects will utilize and apply the workload based criteria set forth herein for identified services and modalities to determine room requirements for each facility.
- B. Space planning criteria have been developed on the basis of an understanding of the activities involved in the functional areas of Fiscal Service and its relationship with other services of a medical facility. These criteria are predicated on established and/or anticipated best practice standards, as adapted to provide environments supporting the highest quality health care for Veterans.
- C. These criteria are subject to modification relative to development in the equipment, medical practice, vendor requirements, and subsequent planning and design. The selection of the size and type of Fiscal Service equipment is determined by VACO and upon Veterans Health Administration (VHA) anticipated medical needs.

4 INPUT DATA STATEMENTS

- A. Mission Input Data Statements
 - 1. Is an Assistant Chief FTE position authorized? (M)
 - 2. Is a Travel Unit authorized? (M)
- B. Workload Input Data Statements

None
- C. Staffing Input Data Statements
 - 1. How many Secretary FTE positions are authorized? (S)
 - 2. How many Budget Analyst FTE positions are authorized? (S)
 - 3. How many Auditor FTE positions are authorized? (S)
 - 4. How many Accounting Chief FTE positions are authorized? (S)
 - 5. How many Clerical / Technical FTE positions are authorized? (S)
 - 6. How many Patient Funds Clerk FTE positions are authorized? (S)
 - 7. How many Agent Cashier FTE positions are authorized? (S)
- D. Miscellaneous Input Data Statements
 - 1. How many FTEs will work on peak shift? (Misc)

5 SPACE CRITERIA

A. FA 1: Reception Area:

- 1. **Waiting (WTG05)**..... **130 NSF (10.3 NSM)**
Provide one for Fiscal Service.

Allocated space accommodates three standard chairs @ 9 NSF each, one bariatric chair @ 14 NSF, one accessible space @ 10 NSF, and circulation; total five people.
- 2. **Toilet, Public (TNP01)**..... **60 NSF (5.6 NSM)**
Provide one for Fiscal Service.

Allocated NSF accommodates one accessible toilet @ 25 NSF, one wall-hung lavatory @ 12 NSF, ABA clearances, and circulation.

B. FA 2: Staff and Administrative Area:

1. **Office, Fiscal Service Chief (OFA09)100 NSF (9.3 NSM)**
Provide one for Fiscal Service.

Provide access through Receptionist / Secretary for control of visitors and confidentiality.
2. **Office, Assistant Chief (OFA09)100 NSF (9.3 NSM)**
Provide one if an Assistant Chief FTE position is authorized.
3. **Reception / Information Desk (RCP01).....85 NSF (7.9 NSM)**
Provide one for Fiscal Service.

Allocated NSF accommodates one Receptionist FTE, patient privacy area, and circulation.
4. **Workstation, Secretary (OFA07)56 NSF (5.3 NSM)**
Provide one per each Secretary FTE position authorized.
5. **Workstation, Budget Analyst (OFA07)56 NSF (5.3 NSM)**
Provide one per each Budget Analyst FTE position authorized.
6. **Office, Auditor (OFA09)100 NSF (9.3 NSM)**
Provide one per each Auditor FTE position authorized.
7. **Office, Accounting Chief (OFA09)100 NSF (9.3 NSM)**
Provide one per each Accounting Chief FTE position authorized.
8. **Workstation, Clerical / Technical Staff (OFA07)56 NSF (5.3 NSM)**
Provide one per each Clerical / Technical Staff FTE position authorized.
9. **Workstation, Travel Clerk (OFA07)56 NSF (5.3 NSM)**
Provide one if a Travel Unit is authorized.

Travel clerks are responsible for beneficiary and, in some medical centers, employee travel. Duties include, making travel arrangements, approving cash reimbursements for patients, etc.
10. **Workstation, Patient Funds Clerk (OFA07).....56 NSF (5.3 NSM)**
Provide one per each Patient Funds Clerk FTE position authorized.

A Patient Funds Clerk keeps records on funds and transactions concerning patients' accounts; determines eligibility for indigent supplies and services, and keeps records of commitment, guardianship and competency of patients. Usually staffed only when the medical center has an inpatient psychiatric population.
11. **Agent Cashier (CASH1)100 NSF (9.3 NSM)**
Minimum NSF; provide an additional 56 NSF per each Agent Cashier FTE position authorized greater than one.

Provides space for approved cash transactions. It should be adjacent to the travel clerks' office.
12. **Toilet, Staff (TNP01)60 NSF (5.6 NSM)**
Minimum one; provide an additional one for every increment of fifteen Fiscal Services FTE positions on peak shift greater than fifteen.

Allocated NSF accommodates one accessible toilet @ 25 NSF, one wall-hung lavatory @ 12 NSF, ABA clearances, and circulation.

C. FA 3: Support Area:

1. **Workroom (FILE1)** **190 NSF (17.7 NSM)**
Minimum NSF; provide an additional 12 NSF per each Clerical / Technical FTE position authorized.
 This area accommodates active file storage, office machines, worktables etc.
2. **Storage Room(SRS01)** **40 NSF (3.8 NSM)**
Provide one for Fiscal Service.

6 PLANNING AND DESIGN CONSIDERATIONS

- A. Departmental net-to-gross factor (DNTG) for Fiscal Service is **1.30**. This number when multiplied by the programmed net square foot (NSF) area determines the departmental gross square feet.

7 FUNCTIONAL RELATIONSHIPS

Relationship of Fiscal Service to services listed below:

TABLE 1: FUNCTIONAL RELATIONSHIP MATRIX

SERVICES	RELATIONSHIP	REASONS
Hospital Director's Suite	2	G,H,I
Data Processing	2	G,I
AMM – Administration	2	G,H
MAS – Administration Offices	3	G,I
MAS – Processing Unit	3	G,I
MAS – Fee Services Unit	3	

Legend:

Relationship:

1. Adjacent
2. Close / Same Floor
3. Close / Different Floor Acceptable
4. Limited Traffic
- X. Separation Desirable

Reasons:

- A. Common use of resources
- B. Accessibility of supplies
- C. Urgency of contact
- D. Noise or vibration
- E. Presence of odors or fumes
- F. Contamination hazard
- G. Sequence of work
- H. Patient's convenience
- I. Frequent contact
- J. Need for security
- K. Others (specify)
- L. Closeness inappropriate

8 FUNCTIONAL DIAGRAM
