ENGAGE PORTAL

NIBS Engage is the online portal to access the NIBS BIM Council (BIMC) communities or committees and participate in the UNITED STATES NATIONAL CAD STANDARD® (NCS) Consensus Process.

To access the site, you must be a **Member of the NIBS NCS V7 Project Committee.**

Once a member, you will receive your NIBS membership login credentials This login will also serve as your login to <u>NIBS Engage</u> (https://engage.nibs.org)

SIGN IN

Once on the Engage website, click the "SIGN **IN**" button in the top right corner of your screen. If you do not see a 'SIGN IN' button and instead see your profile icon, this means you are already signed in.

You will be directed to the Engage "Welcome" page. Click on the **Communities** drop down on the navigation bar to access the 'My Communities' selection

BUILDING INFORMATION MANAGEMENT (BIM) COUNCIL

ALL COMMUNITIES

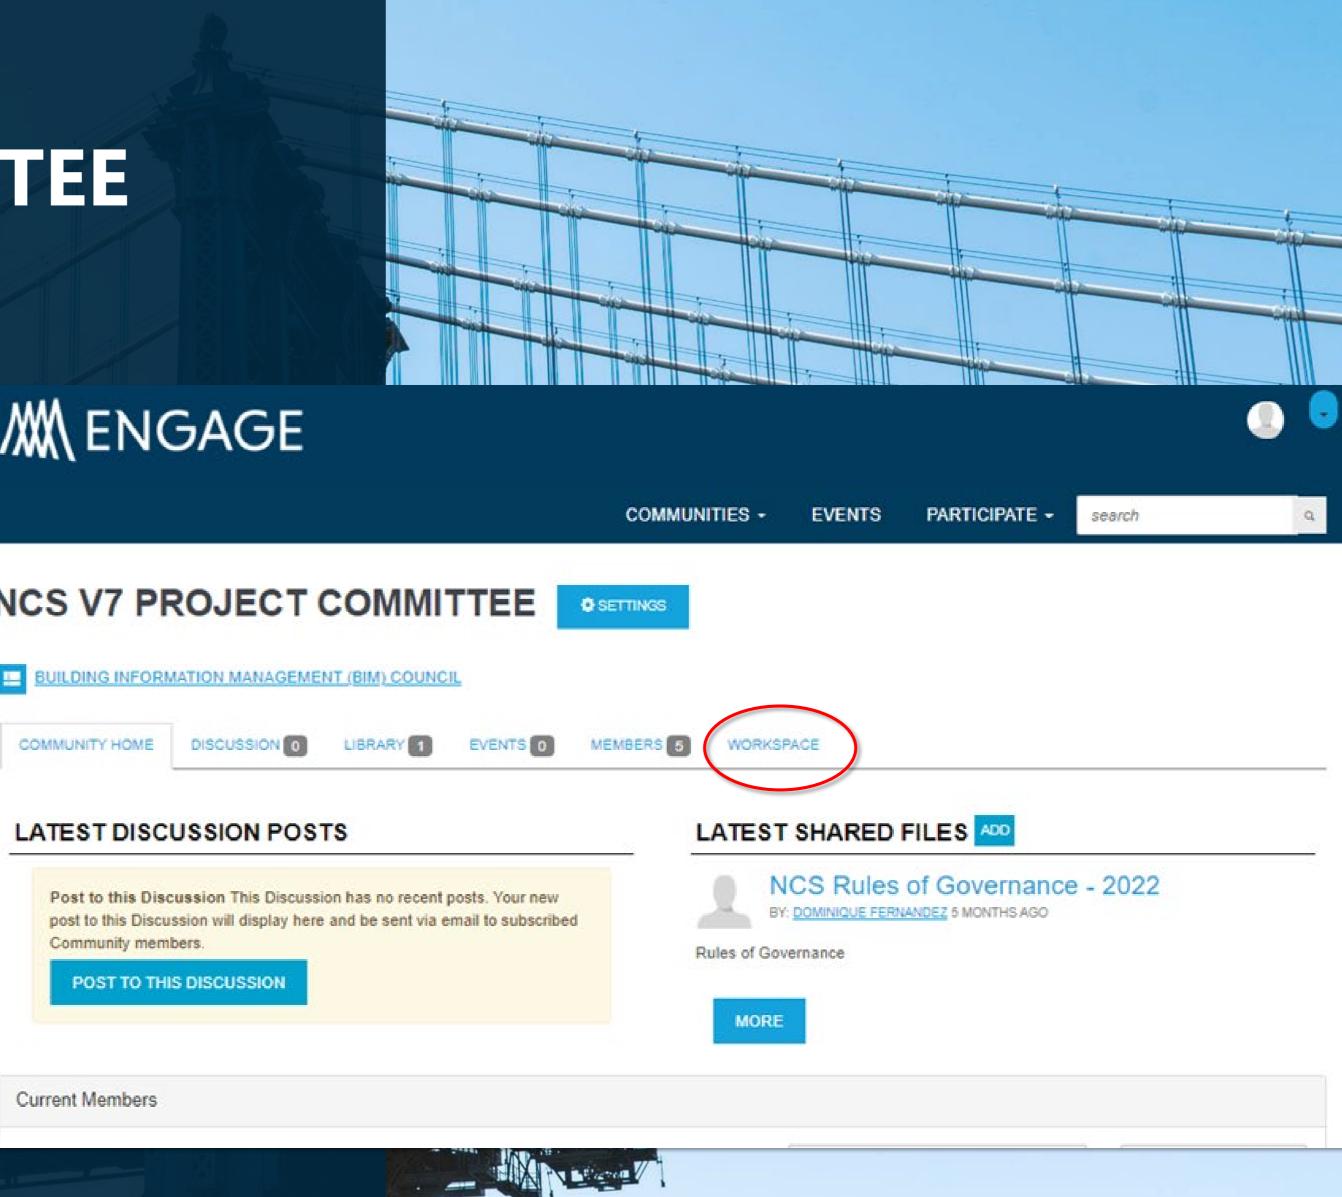

MY COMMUNITIES

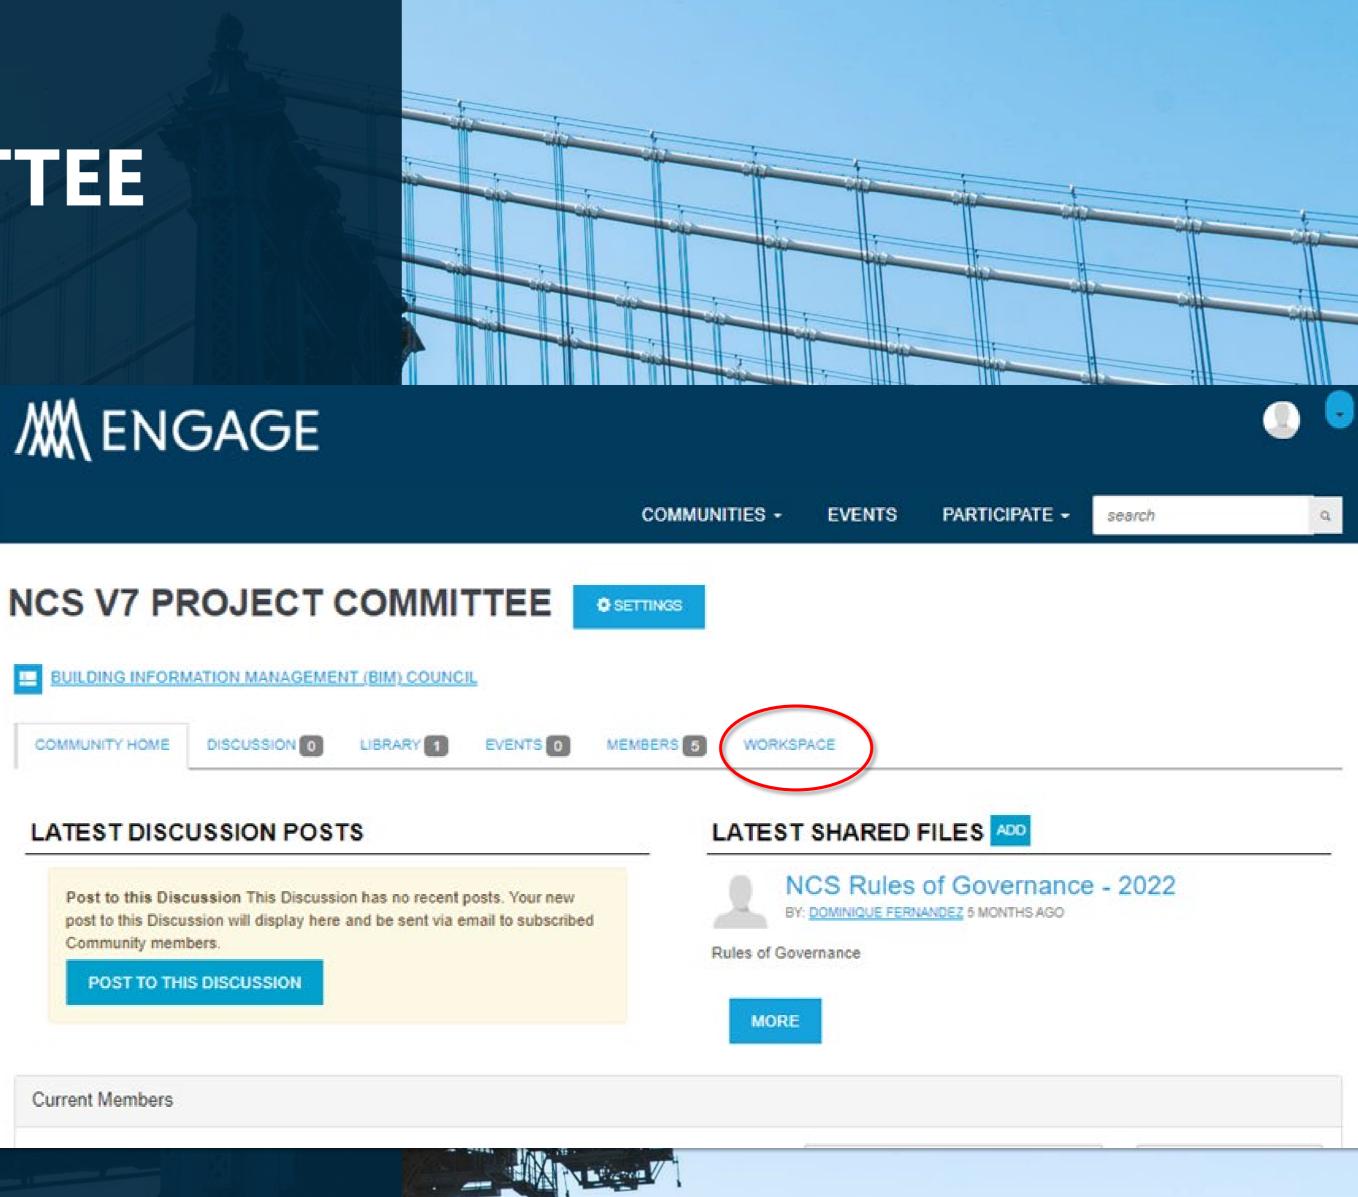

The United States National CAD Standard® (NCS) Project Committee (NCS PC), is a committee of the Building Information Management (BIM) Council which is a council of NIBS. The NCS Project Committee is responsible for the development of the content and subject matter of the NCS. The purpose of the NCS is to advance the art and science of design, construction, management, operation and maintenance of the vertical and horizontal built environment by providing a means of organizing and classifying electronic design data and thereby fostering streamlined communication among owners, designers, material suppliers, constructors, and facility managers. The NCS is a consensus based standard. Membership on the NCS Project Committee is open to individuals who have knowledge of and interest in the subject matter of the NCS. Project Committee members shall legally obtain and have in their possession a copy of the most recent version of the NCS for the purpose of conducting the work of the Project Committee."

NCS PROJECT COMMITTEE HOME PAGE

You are now looking at your Community home page. Each Community has tabs to the right of the 'COMMUNITY HOME' tab: the discussion section, library section, events section, a members section and the 'WORKSPACE' section where all committee consensus activities will take place.

VOTING

OPTIONS

There are only three voting choices: Yes, No and Abstain. Each option will specify whether users are:

- required to comment ensuring feedback is received, or
- can choose or not to comment with their vote.
 Votes can be changed while the ballot is open.

YES

NO

ABSTAIN

A **YES** vote does not require a comment. Providing a comment such as an editorial comment is optional.

A **NO** vote requires users to leave a review comment explaining the reason for the negative response prior to casting their vote.

ABSTAINING members can choose whether or not to comment with their vote.

COMMENTS

Workspace allows you to add comments to provide feedback and respond to those submitted by others in your committee. In addition, automatic email notifications can be sent when submitting and responding to comments to keep those who need to know in the loop.

To add a comment to a ballot – from the **Ballots** page:

- First select a Voting Option: yes, no or abstain then add a comment if permitted.
 - Voter comments are REQUIRED when voting "No"
 - Voter comments are OPTIONAL when voting "Yes" or "Abstain"
- Select Add a Comment
- Complete the **Comment Form**

COMMENT FORM

COMPLETE THE FORM

- **Subject*** Provide a comment title
- **Summary*** Expand upon your Subject title with the full details of your comment (max. 7500 characters)
- **Category** Indicate whether the comment is editorial or substantive in nature (ensure, select N/A)
- Section/Page/Line* Indicate the specific section, page, and /or line number of the ballot to which your comment applies
- **Item** Select the item your comment pertains to (figure, paragraph, or table) and provide a short description if needed
- **Proposed Solution*** Include a proposed solution to the issues identified in your comment (max. 7500 characters)

- Add a Supporting File Upload a copy of the draft standard with you comments inline
- Email Notifications Check the desired boxes to send an email notification about this comment to the group, ballot submitter, and/or **Technical Contact**
- **Save** At the bottom of the page to add your comment or Save and Add Another to add another comment to the same ballot
- **Comment** Keep each comment tied to a single subject title (topic)
- **Required fields**

SUMMARY

Upon saving the comment is added to the document

- A comment ID is assigned
- Your comment summary and proposed solution is included
- The State of the comment (e.g., New, accepted, Assigned, etc.) is available below the comment summary and proposed solution
- The Comment Submitter's name and the date it was submitted is recorded

To respond to a comment click on the action box "UPDATE".

RESPOND TO A COMMENT

SECTION SUBTITLE

Before you can respond to a comment, you must assign it to yourself

A comment can also be assigned **to you** by an administrator

Ballot comments will be assigned to Workgroup chairs for a response

- Add a response in the text field
- Change the comment's state (e.g., will not fix, fixed, not germane, rejected, etc.)
- Assign your response to the comment submitter, to some or to all in the drop down box
- Submit
