

## **ANSI/NALFA LF 02 Laminate Sustainability Standard**

**ANSI Project Initiation Notification System (PINS) #** – June 6, 2008

**ANSI Secretariat:** NALFA  
1747 Pennsylvania Ave. N.W., Suite 1000  
Washington, DC 20006

**Standard Approved** – 2011

**Standard Scope** – “This Standard provides a pathway towards sustainability by establishing measurable criteria for multiple levels of achievement and/or performance.

This Standard is applicable to all laminate flooring. Contribution credits for underlayment is part of the evaluation criteria in determining overall sustainability level.

This Standard is applicable to Laminate flooring produced in one facility or multiple facilities, one country or multiple countries. It addresses product-based characteristics in the general areas of materials, use of energy, human and ecosystem health, and social responsibility impacts.”

### **Elements of Standard:**

- Product Design including Materials used & Supplier selection
- Energy, Water & Atmosphere
- Human & Ecosystem
- Durability
- Social Responsibility
- Innovation

### **Conformance Levels:**

- Bronze
- Silver
- Gold
- Platinum
